Dear Friend in Conservation

For a number of years now we have offered a “**Young Naturalist Adventure Camp**” for youth ages 8 to 12. However, in previous years we have had to cancel the camp due to low enrollment, attributed to high enrollment fees, but last year, we tried a new approach. We sought sponsors to help cover our costs so we could offer the camp to youths at a greatly reduced fee. This worked quite well and we ended up with a full roster of campers who had a great time and learned a lot too! Therefore we are trying the same approach this year. This year’s camp will be held from July 12 to 16. You can help us make the camp a success again this year with your sponsorship dollars.

As a sponsor, you can help us to provide outdoor experience for our youth and instill an appreciation for nature and the environment while helping us to promote responsible resource conservation. Sponsors will receive special recognition and may take pride in supporting environmental education. Check below to see which level of sponsorship works best for you.

Please complete the form below and mail with your contribution to the above address. If you have any questions or comments, please contact us. Your contribution is tax deductible.

Thanks for your support!
